

WELCOME TO THE BRADDOCK METRO CITIZENS' COALITION!

The **Braddock Metro Citizens' Coalition (BMCC)** is a not-for-profit civic organization that represents the interest of our neighborhood. Our purpose is to educate city residents, especially those residing in the Braddock Metro Neighborhood, on matters of public interest, and to promote their interests, welfare, and common good. BMCC seeks to provide input from the existing residents of the neighborhood to support the implementation of the Braddock Road Metro Neighborhood Plan adopted the City Council in April 2008. We are friends and neighbors, striving to thoughtfully steward vibrant development in our community, make our streets safer for our children, enhance our open spaces, and build a stronger sense of community.

Membership in the BMCC entitles voting rights with respect to the election of BMCC officers and official positions of the BMCC. Membership is open to residents (homeowners and renters alike) and businesses within the BMCC boundaries.

Yearly Dues are \$20 per household or business.
